

The Les Turner ALS Foundation will be “tagging” (distributing tags and collecting donations) throughout Chicagoland during the month of May, which is ALS Awareness Month. Funds raised will support our fight to strike out ALS, also known as Lou Gehrig’s disease. We hope you’ll join us in this important effort. The more volunteers we have, the more successful we will be! Invite your friends and family, too! Last year, the Hope 4 Mike team collected the most money in Illinois — more than \$5,000!

We need YOUR help to beat that total this year! Mike Wright, husband and high school sweetheart of AtHome America co-founder Becky Wright, and his family are counting on YOU to help find a cure for ALS! Mike has been battling the disease since 2003, but has constant HOPE that a cure will soon be found!

Contact HelpAmerica Foundation Coordinator DC Curry at 708-597-1085, ext. 258, with questions or email dccurry@helpamericafoundation.org.

Please consider tagging on Friday, May 11, and Saturday, May 12, in Palos Heights, Illinois, for two hours of more (times available from 8 a.m. to 5 p.m.).

Name: _____

Address: _____ City: _____ State: _____ Zip: _____

Phone (home): _____ Phone (cell): _____
